# MUSTAPHA SEIDU

## SOFTWARE DEVELOPER

### PROFILE

Motivated and detail-oriented Computer Science undergraduate with hands-on experience in full-stack web development, specializing in the JavaScript ecosystem (React, Node.js, Express, MongoDB). Skilled at designing and developing scalable, responsive, and user-centric applications. Proven ability to solve complex technical challenges and collaborate in dynamic team environments. With a solid foundation in software engineering and a passion for continuous learning, I am eager to contribute my skills to innovative projects and grow within a forward-thinking organization.

### SKILLS

Proficient in full-stack development using the MERN stack (MongoDB, Express.js, React.js, Node.js), with a strong focus on building scalable, responsive applications.

Expertise in designing RESTful APIs and integrating third-party services while optimizing database management with MongoDB and SQL.

Skilled in cloud integration, deploying and managing applications on platforms like AWS and Heroku. Proven ability to optimize performance through techniques like lazy loading and caching, resulting in faster load times and improved user experience.

Excellent communication and collaboration skills, with hands-on experience in agile environments. Strong problem-solving abilities, consistently delivering solutions that enhance both functionality and user satisfaction.

I AM ALWAYS AVAILABLE AND EAGER TO CONTRIBUTE TO NEW PROJECTS AND CHALLENGES. WITH A FLEXIBLE SCHEDULE AND A STRONG COMMITMENT TO DELIVERING HIGH-QUALITY RESULTS, I AM READY TO START WORK IMMEDIATELY AND ADAPT TO THE NEEDS OF THE TEAM AND ORGANIZATION.
